Art has always carried the power to reveal stories that words alone cannot express. Sometimes those stories are quiet and deeply personal. Sometimes they are bold declarations that challenge the world to listen. FEMINA 2026, *the 5th annual juried Smart International Online Group Art Exhibition by Gallerium*, invites you to step into this powerful visual conversation and discover the many dimensions of womanhood through the language of art.

Opening on March 8, 2026, and continuing until May 8, 2026, this international exhibition welcomes visitors from around the world to experience a compelling collection of artworks that reflect the strength, complexity, creativity, and evolving narratives of women across cultures and generations.

Throughout history, women have stood at the heart of artistic inspiration. They have appeared as mythological figures, historical icons, mothers, thinkers, dreamers, and revolutionaries. Yet beyond being subjects of art, women have also shaped artistic movements, challenged conventions, and redefined creative expression in every era.

FEMINA 2026 invites you to explore this layered legacy through the eyes of contemporary artists who reflect on the experiences, identities, and roles of women in today's world. The exhibition brings together a rich and diverse array of visual voices. Some works capture intimate moments of reflection

and personal strength. Others explore broader social realities, cultural histories, or the ongoing pursuit of equality and representation.

What makes FEMINA 2026 especially meaningful is the dialogue it creates between art and audience. Every visitor becomes part of the experience by observing, reflecting, and engaging with the artworks presented.

We warmly encourage you to take your time exploring the exhibition, discover the artists behind each piece, and share your impressions. Your thoughtful ratings and comments help bring the exhibition to life, supporting artists while creating meaningful conversations within the global art community.

Art thrives when it is seen, felt, and discussed. Your voice as a viewer adds depth to that experience.

Whether you are an art lover, curator, collector, expert, or simply someone curious to explore powerful visual storytelling, FEMINA 2026 offers an inspiring journey through creativity, resilience, and the evolving narrative of women around the world.

Step inside, explore the artworks, and become part of the conversation.
